Accelerated English Language Program: *Monday, Tuesday, Wednesday, Thursday and Friday*

Accelerate your English learning by taking classes every day of the week. These classes are great for people visiting the country and only have a short time to learn as much English as possible while here. Classes are designed for students who need to improve their English skills rapidly for work or to enter into College. This program meets five days a week for intensive accelerated English learning. This is the best way to learn a language. Students will have lessons in Vocabulary, Social Language & Conversation, Listening, Grammar, Reading and Writing and Pronunciation. Students will practice conversation and pronunciation in specific areas of need. Our goal is to rapidly build confidence and language skills to enter into college or to better communicate in the workplace or in public. Study daily with other students who are serious about learning.

Intensive English Language Program: *Monday, Tuesday, Wednesday and Thursday*

These classes are designed for students who want to learn English quickly. These classes are four days a week for intensive English learning. Students will have lessons in Vocabulary, Social Language & Conversation, Listening, Grammar, Reading and Writing and Pronunciation.

Grammar and Accuracy Focus: *Monday and Wednesday*

We teach grammar with an integrated approach that blends grammar, content, reading, writing, listening, and speaking in a complete program. This helps prepare students to use and understand English more accurately and fluently. We help strengthen grammar understanding and skills to improve overall English usage ability. This class will help you achieve your academic goals.

Everyday Conversation: *Tuesday and Thursday, Fridays, Saturdays*

Build your vocabulary and conversation skills by talking with one another about everyday topics while working on pronunciation issues. Students will work on increasing confidence while speaking and being understood for better overall communication. Students will work on expressing expectations, opinions and ideas at work, school, and social activities.

Advanced Grammar for Writing: *Monday and Wednesday*

Prepare for the demands of college-level academic or business writing.
