INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Gwinnett Tech Foundation, Inc. and Subsidiary
Lawrenceville, Georgia

We have audited the accompanying consolidated statement of financial position of Gwinnett Tech Foundation, Inc. and Subsidiary (the "Foundation") as of June 30, 2010, and the related consolidated statements of activities and cash flows for the year then ended. These consolidated financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Foundation as of June 30, 2010, and the results of its activities and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Gwinnett Tech Foundation, Inc. and Subsidiary

Notes to Consolidated Financial Statements

NOTE 1— SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations: Gwinnett Tech Foundation, Inc. (the “Foundation”), was established in 1994 to generate and provide additional funds for the support of programs and services to achieve the goals and objectives of Gwinnett Technical College located in metropolitan Atlanta, Georgia. Support and revenue is generated primarily through individual and corporate pledges and contributions.

GTF II, LLC (“GTF II”), a wholly-owned subsidiary of the Foundation, was established in 2005 to construct facilities for use as an Early Education Center. In 2007 the facilities were completed and leased to the Technical College System of Georgia (“TCSG”). In December 2008 this property was contributed to TCSG. For the year ended June 30, 2010, GTF II had no significant activities.

Principles of Consolidation: The accompanying financial statements include the consolidated accounts of the Foundation and its wholly owned subsidiary, GTF II. All material inter-company transactions and balances have been eliminated in consolidation.

Basis of Presentation: The financial statements are presented in accordance with generally accepted accounting principles, which require the reporting of total assets, liabilities and net assets in a statement of financial position; reporting the change in net assets in a statement of activities; and reporting the sources and uses of cash and cash equivalents in a statement of cash flows.

Net assets and revenues, gains, expenses and losses should be classified as unrestricted, temporarily restricted or permanently restricted based on the existence or absence of donor-imposed restrictions as follows:

Permanently restricted - Net assets are resources whose use by the Foundation is subject to donor-imposed stipulations that neither expire by the passage of time nor can be removed by actions of the Foundation. The Foundation had no permanently restricted net assets for the year ended June 30, 2010.

Temporarily restricted - Net assets are resources whose use by the Foundation is subject to donor-imposed stipulations that either expire by the passage of time or can be fulfilled by actions of the Foundation.

Unrestricted - Net assets are resources that are neither permanently nor temporarily restricted by donor-imposed stipulations. Unrestricted net assets may be designated for specific purposes by the Foundation or may otherwise be limited by contractual agreements with outside parties.

Cash: The Foundation considers only cash in interest bearing checking accounts to be cash. Cash held in certificates of deposit and in money market accounts are considered investments.

Gwinnett Tech Foundation, Inc. and Subsidiary

Notes to Consolidated Financial Statements

On occasion, the Foundation maintains cash balances on deposit with financial institutions in excess of federally insured limits. Management continually monitors the soundness of these financial institutions and believes the exposure to loss to be minimal.

Investments: Investments are carried at fair value based on quoted market prices. Investment income and gains and losses on investments carried at fair value are recorded as increases or decreases in unrestricted net assets unless their use is temporarily or permanently restricted by explicit donor stipulation or by law.

Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the accompanying financial statements.

Promises to Give: Contributions are recognized when the donor makes a promise to give to the Foundation that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

The Foundation uses the allowance method to determine uncollectible unconditional promises to give. The allowance is based on management's analysis of specific promises made. Management believes that substantially all unconditional promises to give at June 30, 2010 are collectible. Therefore, no allowance for unconditional promises to give has been recognized as of June 30, 2010.

Contributions that are expected to be received in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using a 5% interest rate. Amortization of the discounts is included in contributions in the accompanying consolidated statement of activities.

Property and Equipment: Property and equipment are recorded at cost or at fair value at the date of donation. Acquisitions in excess of \$500 are capitalized. Depreciation is calculated using the straight-line method over the estimated useful lives of the individual assets. The estimated useful life of equipment, furniture and fixtures is 10 years.

Funds Held for Affiliate: The Foundation collects and disburses monies for the Gwinnett Tech Alumni Association. The Foundation does not provide any financial support for the Alumni Association.

Gwinnett Tech Foundation, Inc. and Subsidiary

Notes to Consolidated Financial Statements

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of support, revenue, and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes: The Foundation is a qualifying, nonprofit organization as defined in Section 501(c)(3) of the Internal Revenue Code; therefore, it is exempt from federal and state income taxes.

In 2009, the Foundation adopted the new accounting and disclosure guidance for income taxes issued by Financial Accounting Standards Board (“FASB”). The adoption of this accounting and disclosure guidance had no impact on the financial statements but did require the following additional disclosures contained in the following paragraph.

The Foundation files informational returns in the U.S. federal jurisdiction and one state jurisdiction. The Foundation is generally no longer subject to federal or state tax audits for years before 2006. Interest and penalties are expensed as incurred. There were no interest and penalties charged to expense for the year ended June 30, 2010.

NOTE 2— UNCONDITIONAL PROMISES TO GIVE

Unconditional promises to give at June 30, 2010 are as follows:

Receivable in less than one year	\$ 2,169,572
Receivable in one to five years	<u>45,427</u>
Total unconditional promises to give	2,214,999
Less: discounts to net present value	<u>(4,669)</u>
Net unconditional promises to give	<u>\$ 2,210,330</u>

NOTE 3— PROPERTY AND EQUIPMENT

Property and equipment at June 30, 2010 consist of the following:

Equipment, furniture and fixtures	\$ 20,910
Less: accumulated depreciation	<u>(19,375)</u>
Property and equipment, net	<u>\$ 1,535</u>

Gwinnett Tech Foundation, Inc. and Subsidiary

Notes to Consolidated Financial Statements

NOTE 4— TEMPORARILY RESTRICTED NET ASSETS

Net assets were temporarily restricted for the following purposes at June 30, 2010:

Professional Excellence Fund	\$ 354,901
Scholarships	360,555
Academic Programs	700,148
Life Science Building	1,985,266
Hudgens Veterans Affairs	1,102,868
Others	<u>176,511</u>
Total temporarily restricted net assets	<u>\$ 4,680,249</u>

NOTE 5— CONCENTRATIONS

For the year ended June 30, 2010, contributions from one donor represented approximately 32% of total contributions and 89% of unconditional promises to give.

NOTE 6— DONATED SERVICES AND GOODS

Contributions of services are recognized when received if such services (a) enhance nonfinancial assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not donated. Donated services of \$540,139 were recognized for the year ended June 30, 2010 and are included in unrestricted contributions in the consolidated statement of activities. These donated services consisted primarily of salaries and general operating expenses as provided for under the Memorandum of Agreement between the Foundation and Gwinnett Technical College.

The Foundation recognizes donated goods at the estimated fair value at the date of donation. Donated goods of approximately \$464,777 were recognized for the year ending June 30, 2010 and are included in unrestricted contributions in the consolidated statement of activities. These goods were donated by the Foundation to Gwinnett Technical College and are included in grants and allocations in the consolidated statement of activities.

NOTE 7— ADMINISTRATIVE GIFT ALLOCATIONS

The Foundation may charge a one-time fee of up to 10% upon receipt of certain restricted cash donations. The fee is considered an administrative gift allocation, which is allocated to the unrestricted operating fund to help offset the cost of operating the Foundation. For the year ended June 30, 2010, the administrative gift allocations were \$8,305 and are included in net assets released from restriction in the consolidated statement of activities.

NOTE 8— FAIR VALUE MEASUREMENTS

Generally accepted accounting principles defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market

Gwinnett Tech Foundation, Inc. and Subsidiary

Notes to Consolidated Financial Statements

participants at the measurement date. Generally accepted accounting principles establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. This hierarchy requires entities to maximize the use of observable inputs. The three levels of inputs used to measure fair value are as follows:

Level 1 — Quoted prices in active markets for identical assets or liabilities.

Level 2 — Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 — Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

Investments are required to be recorded at fair value on a recurring basis. When available, the Foundation uses quoted market prices to determine the fair value of investment securities, and they are included in Level 1.

Assets as of June 30, 2010 measured at fair value on a recurring basis are summarized below:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments				
Certificates of deposits and money market accounts	\$ 2,955,280	\$ -	\$ -	\$ 2,955,280
Bonds and equity mutual funds	<u>240,067</u>	<u>-</u>	<u>-</u>	<u>240,067</u>
	<u>\$ 3,195,347</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,195,347</u>

NOTE 9 – SUBSEQUENT EVENTS

In 2009, the Foundation adopted new accounting and disclosure guidance issued by FASB for recognized and non-recognized subsequent events that occur after the statement of financial position date but before financial statements are issued. The Foundation has evaluated events occurring after June 30, 2010 through November 15, 2010. No significant events occurred subsequent to the statement of financial position date but prior to issuance that would have a material impact on the consolidated financial statements or disclosures.
