English Language Program Class description

Accelerated English Language Program: Monday, Tuesday, Wednesday, Thursday and Friday
Accelerate your English learning by taking classes every day of the week. These classes are great for people visiting the country and only have a short time to learn as much English as possible while here. The classes are designed for students who need to improve their English skills rapidly for work or to enter into College. This program meets five days a week. This is the best way to learn a language. Students will have lessons in Vocabulary, Social Language & Conversation, Listening, Grammar, Reading and Writing and Pronunciation. Students will receive additional time to practice conversation and pronunciation. Our goal is to rapidly build confidence and language skills.

Intensive English Language Program: Monday, Tuesday, Wednesday and Thursday
These classes are designed for students who want to learn English quickly. These classes are four days a week for intensive English learning. Students will have lessons in Vocabulary, Social Language & Conversation, Listening, Grammar, Reading and Writing and Pronunciation.

Grammar and Accuracy Focus: Monday and Wednesday
We teach grammar with an integrated approach that blends grammar, content, reading, writing, listening, and speaking in a complete program. This helps prepare students to use and understand English more accurately and fluently. We help strengthen grammar understanding and skills to improve overall English usage ability. This class will help you achieve your academic goals.

Everyday Conversation: Tuesday and Thursday, Fridays or Saturdays
Build your vocabulary and conversation skills by talking with one another about everyday topics. Students will work on increasing confidence while speaking and being understood for better overall communication. Students will work on expressing expectations, opinions and ideas at work, school, and social activities. Friday classes get extra pronunciation practice.

TOEFL Test Prep: Writing Essays Monday and Wednesday
This class will work on grammar and sentence structure in order to improve the organization of good paragraphs and essays. You will write essay responses based on reading and listening tasks. You will learn how to support an opinion in writing.

TOEFL Test Prep: The 4 Skills Tuesday and Thursday
Prepare to take the TOEFL test. Practice the four skills of the TOEFL test of academic listening, speaking, reading and writing. Students will work on test taking strategies and time management specific for the TOEFL iBT.
