I. PURPOSE:

- A. It is the policy of the Technical College System of Georgia (TCSG) that all reasonable measures will be taken to provide a safe and secure environment for employees, students, visitors, contractors, and other individuals working in, attending, and/or visiting any TCSG System Office work unit or technical college. Based on this objective and as provided in the parameters of this procedure, a thorough background investigation shall be conducted in conjunction with a recommended candidate's initial employment with the TCSG System Office or any associated technical college in a full- or part-time position. The investigation shall include a post-offer criminal history records check and, as applicable, a post-offer: credit history records check, a fingerprint records check, and a motor vehicle records check. These activities must be successfully completed before a hiring decision is finalized.
- B. The recommended candidate for a full-time P.O.S.T. certified law enforcement position shall also be required to successfully complete a post-offer FBI fingerprint-based criminal history check, a State of Georgia mandated medical examination, and a psychological screening, if the latter activity is included in a technical college's written selection process for these positions.
- C. The background check for the recommended candidate for a full- or part-time salaried or hourly paid position serving in a technical college's child care learning center shall also include a post-offer FBI fingerprint-based criminal history record check, a check of the Georgia Child Abuse Registry, the National Sex Offender Registry, a check of the Georgia Sex Offender Registry, and, if the individual has lived in a state other than Georgia and/or a U.S. Territory and/or tribal land within the five (5) year period prior to his/her application for employment, a check of the criminal registry (fingerprint or name based), a child abuse registry check, and a sex offender registry check for each of these states, territories or tribal lands. These checks shall be undertaken by the Georgia Department of Early Care and Learning (DECAL).
- D. All required background checks must be successfully completed before a hiring decision is finalized.

- E. The successful completion of a criminal history records check will also be required of any contractor/employee of a contractor who works in a full-time or regular, part-time capacity at any technical college, and whose work assignment(s) include direct contact with students and staff.
- F. Similarly, the Commissioner or technical college president may require volunteers to undergo a criminal history records check as a condition of service in this capacity. Any determination should be based on the nature of an individual's assignments within the System Office or technical college to include access to confidential information.
- G. As provided in this procedure and absent a hiring decision made in response to an individualized assessment, an applicant subject to a post-offer criminal history records check and, as applicable, a fingerprint records check shall be ineligible for employment if he/she possesses a record of criminal conviction(s) for certain identified offenses or is on probation or parole for these same offenses or, if his/her criminal history reflects one or more pending (non-adjudicated) criminal charge(s) or one or more active arrest warrant(s).

VI. PROCEDURE:

A. General Provisions:

1. All applicants are subject to a thorough background investigation as a part of the selection process to include the investigation, review, and/or verification of information provided on an employment application (e.g., an applicant's employment history, education history, and, military service history). Additionally, every recommended candidate must successfully complete a post-offer criminal history records check as a condition of initial employment with the TCSG System Office or any associated technical college in any full- or part-time position.
NOTE: Written statements made by an applicant on a System Office/technical college employment application and the State of Georgia Security Questionnaire/Loyalty Oath will be deemed to have been made under oath as provided in state law. A material falsification or misrepresentation of information on these documents or any other hiring document may result in the withdrawal of an employment offer or, if already employed, dismissal. Current employees pursuing advancement opportunities or other position(s) who falsify employment related documents/forms shall also be subject to disciplinary action up to and including dismissal from employment.
2. Background investigations may only be conducted on individuals that have been selected for hire.
3. The System Office and technical colleges will use the State of Georgia's contracted consumer reporting agency for all positions, with the exception of positions that require P.O.S.T. certification. P.O.S.T. certified law enforcement positions may process the criminal history check through a Georgia Crime Information Center terminal, if available, and in accordance with applicable laws and regulations governing criminal history records.
4. An employing System Office work unit or technical college shall provide a recommended candidate with a written, conditional offer of employment which communicates that the offer is contingent upon the candidate successfully completing the referenced criminal history records check and, dependent upon the position sought, one or more of the following: a credit history records check; a motor vehicle records check; a fingerprint records check; a psychological screening; and, a medical examination. NOTE: additional screening requirements governing a prospective employee of a technical college's childcare learning center are outlined below.
5. The correspondence/memorandum must advise the applicant or current employee that he/she may be determined to be ineligible for employment or, as applicable, separated from employment on the basis of information received on the criminal history records check or, as applicable, a fingerprint records check. Similarly, the conditional offer of employment may be withdrawn and/or a current employee made subject to disciplinary action based on the results of other required check(s)/screening(s).

6. The selection process is not complete and no candidate may be formally hired and begin work until all such check(s)/screening(s) have been completed and the candidate has successfully met all established hiring standards.
7. All current System Office or technical college employees are subject to a criminal history records check prior to any promotion, change in employment status from part-time to full-time, movement/lateral transfer to a position deemed sensitive given the nature and scope of the individual's newly assigned duties, or for any other legitimate business reason as determined by the Commissioner or technical college president. If implemented, this provision shall be consistently applied within the System Office and each technical college.
8. A recommended candidate's criminal history records check shall be considered valid for a period of sixty (60) calendar days from the date of the final report. If the individual is not hired within the sixty (60) calendar day period, these activities must be repeated if the individual later becomes the recommended candidate for the same or a different position.
9. As described in this procedure, a recommended candidate who has been convicted of certain misdemeanor or felony offenses is subject to being disqualified from employment for a period of five (5) years. The five (5) year period begins on the date of the most recent conviction, plea of nolo contendere, or release from incarceration, probation, or parole, whichever is later.
NOTE: For a serious violent felony of an egregious nature, the period of disqualification may be extended beyond five (5) years.
10. With the exception of individuals employed at a child enrichment center, a formal discharge under the provisions of The First Offender Act is not a conviction of a crime under Georgia Law and may not generally be used to disqualify a person in any application for employment or subsequent appointment in the public or private sector.
11. Any current employee who is found to have falsified or misrepresented information on employment-related forms or documents is subject to disciplinary action up to and including dismissal from employment.
12. Contractors and/or employees of a contractor who work in a full-time or part-time capacity in a technical college setting and whose work assignments include direct contact with students and staff (e.g., bookstore operations, custodial operations, food service operations) must meet the same criminal history standards as an applicant or any employee subject to the provisions of this policy.
13. Contractors and/or employees of a contractor whose work assignments in a technical college setting are temporary/time-limited and/or seasonal/sporadic in nature (e.g., grounds maintenance, construction projects, maintenance, installation, repair or service-related duties/tasks, etc.) are not subject to the provisions of this policy.
14. Pursuant to Governor Deal's February 23, 2015 Executive Order no employment application utilized by the System Office or a technical college may require an applicant to disclose past conviction(s) for criminal or traffic offenses, with the exception of applications for positions that have been identified as sensitive government positions.
15. If an applicant provided a conditional offer of employment is initially determined to be ineligible for employment (i.e., a targeted exclusion) based on his/her documented criminal history, the System Office or technical college human resources director must complete an individualized assessment before finalizing the decision. In response to this decision, the applicant must be provided with a pre-adverse action notice pursuant to the Fair Credit Reporting Act or, as applicable, the Rules of the Georgia Crime Information Center (GCIC) to include a copy of his/her consumer report or, as applicable, the GCIC criminal history information which led to the decision.

16. As provided in this procedure, an individual who would otherwise be disqualified from employment based on his/her criminal history may, nonetheless, be recommended for appointment following completion of an individualized assessment. Any such recommendation must be submitted, in writing, to the Commissioner by the technical college president or, as applicable, a System Office hiring official. No hiring decision can be finalized until the Commissioner and/or his/her designee has reviewed the submitted information and, if appropriate, authorized the appointment in writing.

B. Child Care Learning Center Positions:

1. The Rules of the Georgia Department of Early Care and Learning (DECAL) stipulate that before a new employee can be present at a childcare learning center while children are present for care, he/she must have first received a satisfactory comprehensive background check determination from DECAL. Included among the positions subject to this screening are those who care for, supervise, or have unsupervised access to children as well as those that perform duties for the center that involve personal contact with children.
2. For purposes of this procedure, an applicant provided a conditional offer of employment for a full- or part-time position in a technical college childcare learning center must first successfully complete the TCSG-mandated criminal history records check. Provided the results are satisfactory, the individual must then undergo DECAL's comprehensive background check.
3. Before employment can commence, a prospective employee and the director of the college's childcare learning center must be in receipt of a satisfactory comprehensive background check determination letter from DECAL.
4. Pursuant to DECAL Rules, all childcare learning center employees referenced above must undergo a comprehensive background record check and receive a satisfactory determination from DECAL every five (5) years thereafter.
5. Any applicant provided a conditional offer of employment who refuses to complete a Cogent Systems/Georgia Applicant Processing Services Acknowledgement Form (Attachment 4.1.9p.a5.) and other Cogent registration requirements and/or who refuses to undergo the activities required for a Comprehensive Background Check shall have his/her conditional offer of employment withdrawn.
6. Any current employee who refuses to undergo a comprehensive background check as outlined in this procedure, or who possesses a criminal record or placement on a referenced registry that would otherwise disqualify him/her from working in a TCSG childcare learning center will be released from employment pursuant to applicable State Board Policies and TCSG Procedures.
7. The employing technical college is responsible for all costs associated with the required comprehensive background checks for both prospective and current employees.

C. P.O.S.T. Certified Law Enforcement Positions:

1. Applicants to be interviewed for a full- or part-time P.O.S.T. certified law enforcement position serving in a technical college's campus police department shall complete a TCSG Pre-Employment Questionnaire (Attachment:4.1.9p.a6.) in conjunction with the interview portion of the selection process. The Questionnaire is considered a pre-offer activity.
2. Following the delivery of a written conditional offer of employment, the selected candidate for a full- or part-time law enforcement position must participate

in/successfully complete certain post-offer screening activities which may be in addition to or which may compliment a technical college's written selection process.

3. The recommended candidate for a full- or part-time law enforcement position must successfully complete a criminal history records check, to include an FBI fingerprint-based check. The candidate must also undergo a medical examination (in accordance with the State of Georgia Medical and Physical Examination Program) and a pre-employment drug screening. As provided in a technical college's written selection process, the candidate may also be required to undergo/successfully complete, a motor vehicle records check and a psychological screening.
4. The recommended candidate for a full-time P.O.S.T. certified law enforcement position must complete a physical examination in accordance with Procedure 4.6.1p., Medical and Physical Examination Program. The examination is considered a post-offer activity and no applicant may commence employment unless he/she undergoes a medical examination and is determined by a medical practitioner to have met established State of Georgia medical standards for service in this capacity.
5. With the exception noted in Paragraph VI.A.4.f., the selected candidate may, at his/her expense, utilize a licensed medical practitioner of his/her own choosing to perform the required examination. Alternatively, a technical college may contract with a licensed medical practitioner to either perform the medical examination or review the results of a medical examination performed by another licensed medical practitioner to validate that the candidate meets all established medical standards for service as a P.O.S.T. certified law enforcement officer. In either instance, cost for the examination or the review of a completed examination shall be the responsibility of the prospective employee unless the technical college agrees to assume these costs. If a college agrees to assume these costs for all prospective employees in law enforcement positions, the college may stipulate that the prospective employee be examined by a designated provider.

D. Employment Restrictions:

1. Absent a hiring decision made in response to an individualized assessment as provided in this procedure, there is a mandatory disqualification period from employment for a period of five (5) years from the date of the most recent conviction, plea of *nolo contendere*, or release from incarceration, probation, or parole, whichever is later, for any of the following crimes/categories of crimes:

- f. Any offense committed in another jurisdiction that, if committed in Georgia, would be one of the enumerated criminal offenses referenced in these subparagraphs.

NOTE: In circumstances pertaining to a conviction for a violent felony offense that is so egregious given the nature of the crime, the period of disqualification may be extended beyond the five (5) year period. Any such extension may only be considered after completion of an individualized assessment as outlined in this procedure. Before a decision to extend the disqualification period is finalized, a technical college president or the System Office deputy commissioner, or an assistant commissioner should consult with the Executive Director of the Office of Legal Services.

2. Drug-Related Convictions:
