

# Health Sciences Monthly INFORMATION SESSIONS

Gwinnett Tech offers outstanding career opportunities that help you emerge with real-work job skills. Each monthly information session offers an opportunity to interact directly with program directors and/or program faculty, ask your questions, understand how the program functions, and what path you have to follow in order to be successful. Sessions will also cover information such as job opportunities, career path advancement, how our programs incorporate classroom learning with hands-on learning in labs, and clinical or internship requirements.
